« There shall be no interference by a public authority with the exercise of this right except such as is in accordance with the law and is necessary in a democratic society in the interests of national security, public safety or the economic well-being of the country [...] or for the protection of the rights and freedoms of others. »

– *European Convention on Human Rights, 8th article on the right to privacy*

About the countryside...

What is at stake

- Privacy, anonymity, free speech
- Access to knowledge, sharing of culture
- Free competition, technological innovation

Better laws to protect us?

- (unfortunately) necessary
- (unfortunately) not sufficient

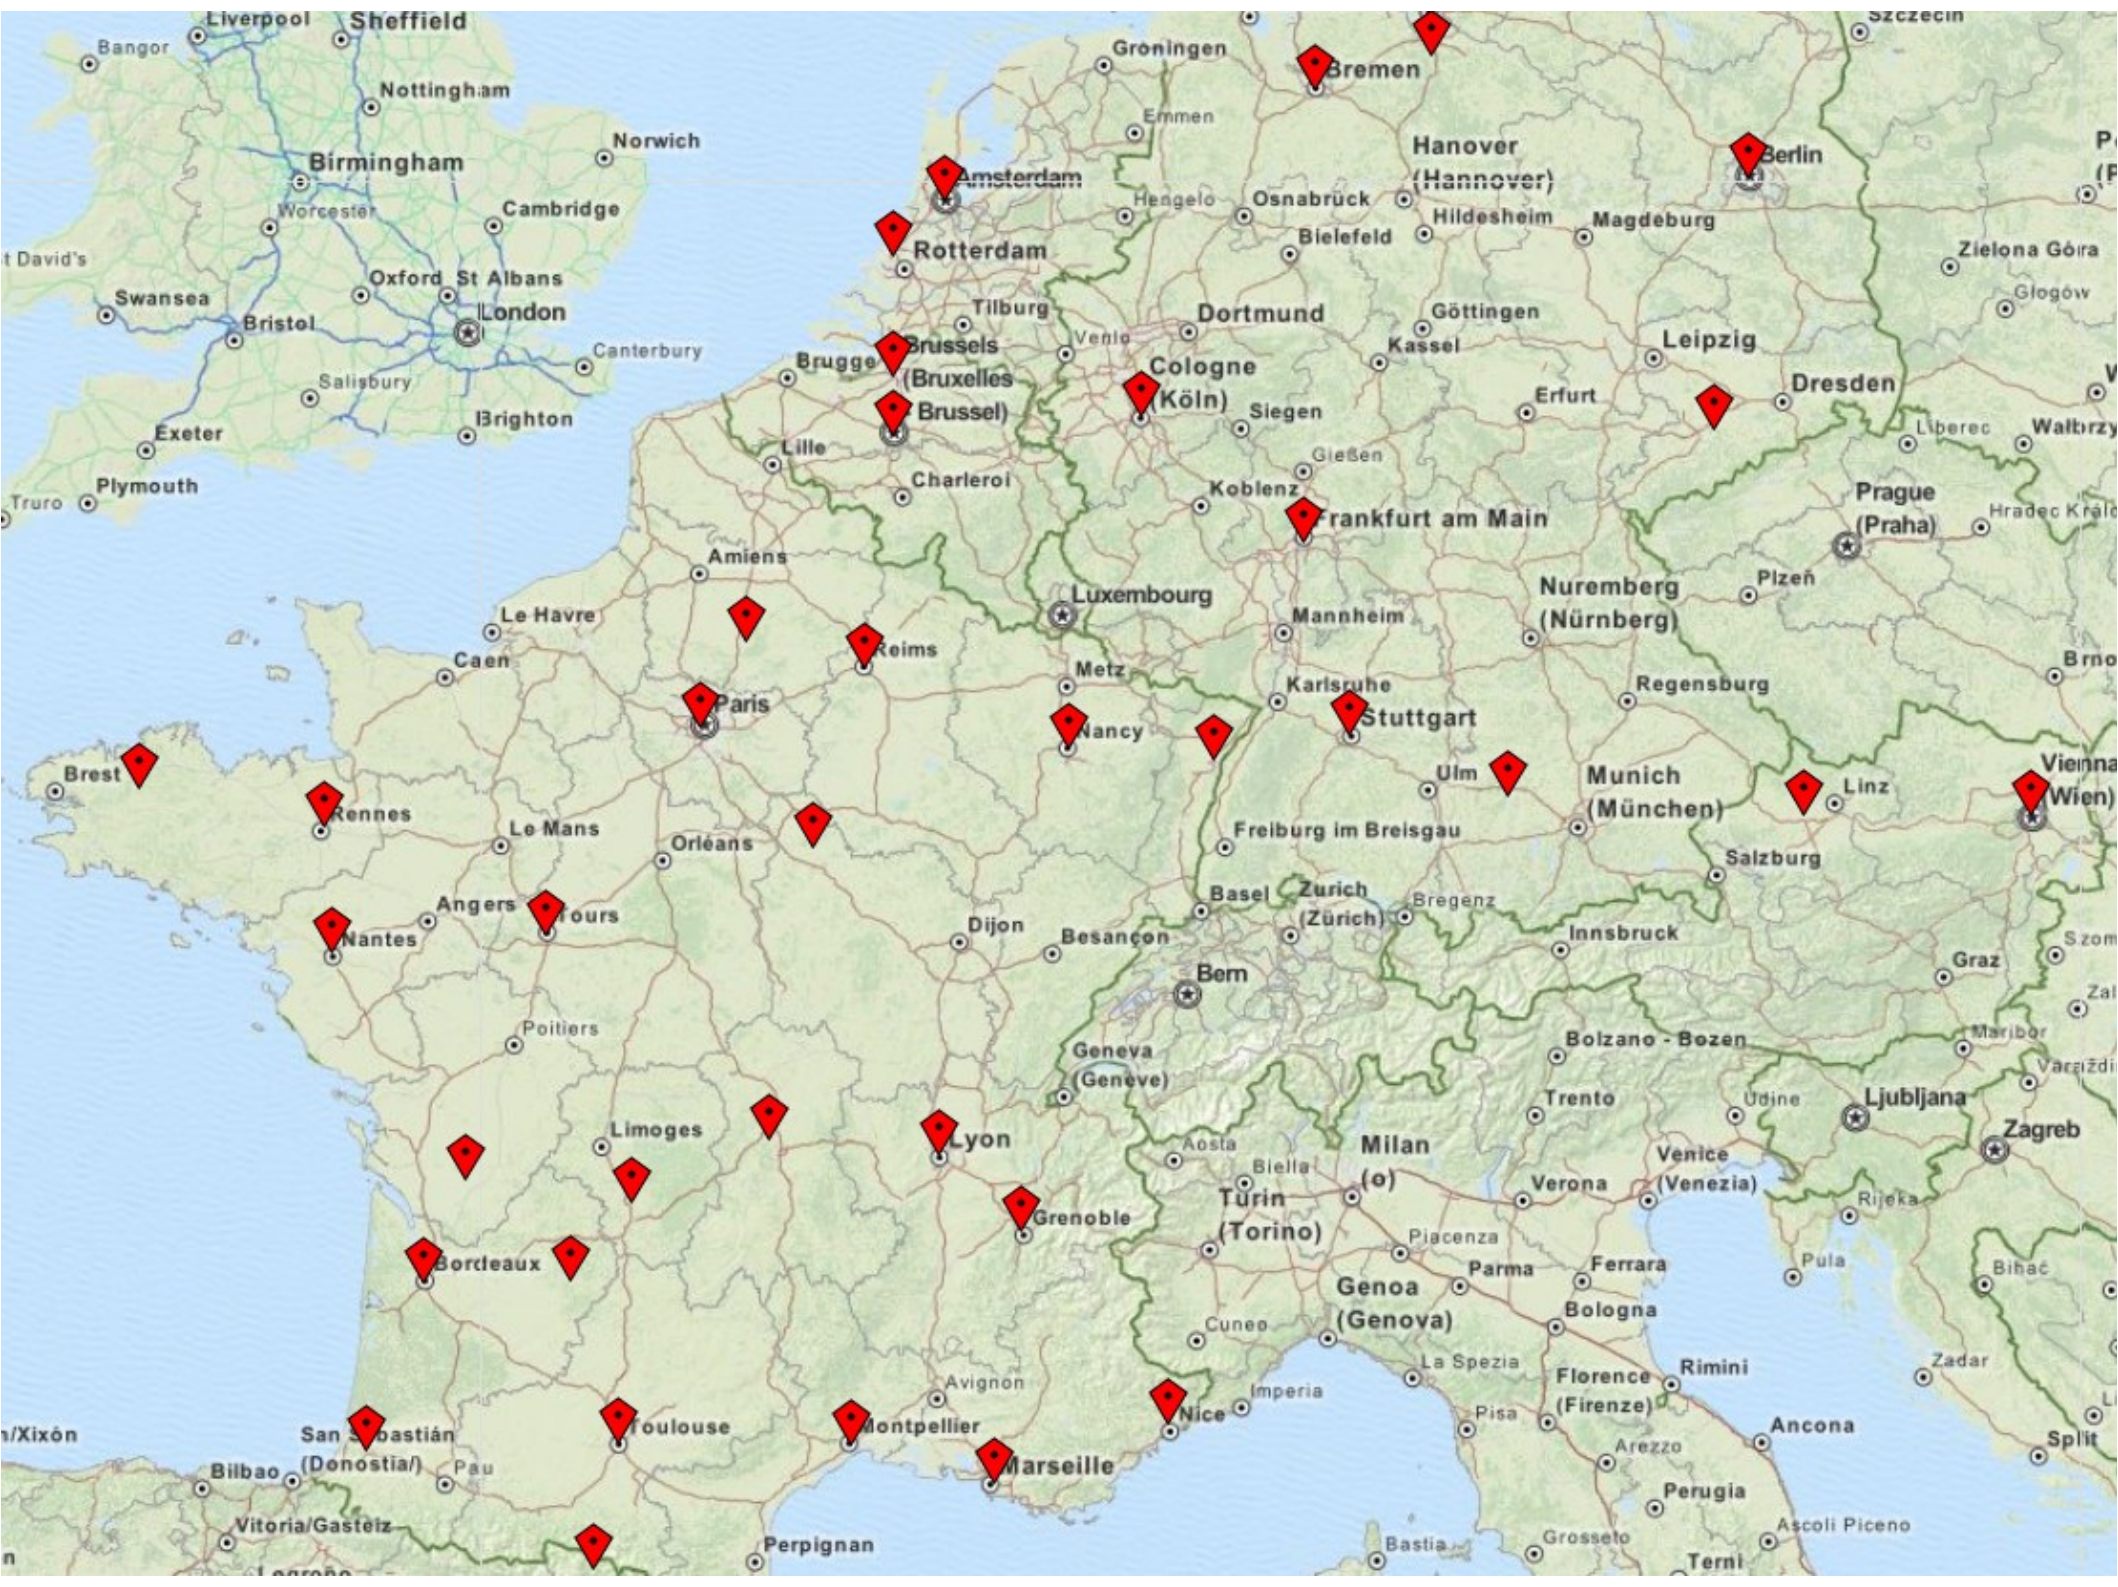

DIY ISPs : (re)build the internet, the hands-on way

- Local (decentralisation)
- Neutral, allowing self-hosting, trustworthy
- Participative, managed by the users

Find your local ISP
